Electrical

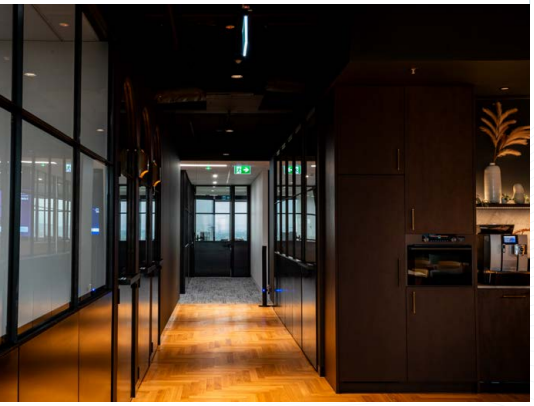
Value
$250,000 - $300,000

Completion Date
December 2023

Bradwell Group were awarded to partner with Faculty Shopfitting and Work Club Global Australia to supply and install Electrical Infrastructure Works including Power, Lighting (240v + DALI Control), Security SALTO System and Telecommunication Cabling IT Room / Cupboards as per Evolved Engineering design. Supply and Installation of a Stanilite Exit and Emergency System, redesigned and monitored by the BMS.

This project consisted of two full floor office renovations and fit outs. With a lighting design set into zones, C/W sensors complying to NCC Section J5, feature lighting, all general power and switchboard upgrades were completed throughout the project.

Level 32 had a magnificent view overlooking Sydney Harbour with a spectacular bar, and general seating area. Full Cat 6a data and fibre fit out to over 300 points.

Locally and globally, Work Club work to cultivate success for all its members by enabling effortless transitioning between work life and leisure.


Work Club Office is a place imagination finds purpose and creativity takes on new forms. Work Club carefully curated environment, experiences and services to support business leaders, creators and innovators today and tomorrow.
